This data management plan (DMP) is intended to provide guidance for data collection by field personnel and subsequent data management activities. The data collection and management practices presented in this plan are designed to ensure data integrity and consistency for all data collection personnel and from operational period to the next. This document is intended to be used in conjunction with a Region wide data management plan and only includes the details specific to the site. There may be appendices.

Data Processing

The following table outlines the specific requirements for various data types being collected during the project.

	Data Input	Data Stream	Data Source	Site Specific Data Elements	Site Specific Verification	Site Specific SOP
